

A young woman with dark hair in a ponytail is performing a handstand in a dance studio. She is wearing a black t-shirt, black shorts with a yellow star, and black Converse sneakers with white laces. Her legs are raised high, and she is balancing on her hands on a polished wooden floor. The background shows a dance studio with a ballet barre and large windows. The text "THIS IS ITHACA" is overlaid in a white, bold, sans-serif font, enclosed in a light blue rectangular border.

**HOW HAS BEING AN ATHLETE HELPED YOU IN OTHER AREAS OF COLLEGE LIFE?**

It's given me a lot of **time management** and **organization** skills—you need to have all your work done before practice because after practice you eat and go to bed.

MAJOR Business Administration and Legal Studies

STARTUP IDEA Aniko Clothing Line

“I’ve been into fashion and designing things for as long as I can remember, and I love a mix of different cultures. That’s why I started this brand.”

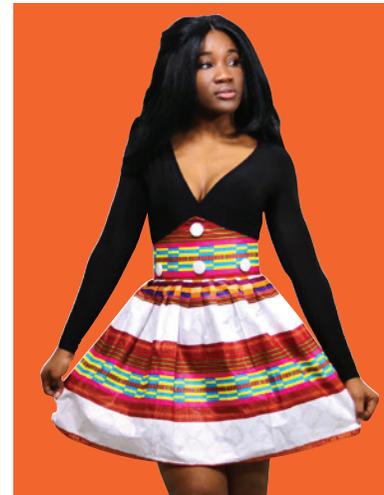

Ana Coulibaly worked in her aunt’s clothing store in **Mali, West Africa**, before moving to the United States at 14. As an **IC business student**, she wanted to bring the **vibrant, colorful wax print fabrics** of her childhood to the U.S.

“You can have 20 different colors in one type of wax print fabric. I just love that.”

## A VIVID HISTORY

Wax print fabric has been part of West African culture for centuries. Created using wax resins and dyes, each print tells a story through its colorful design.

Ana’s friends helped with the photo shoots.
